

**ESCAZU MAP**

Leaving the airport, take the highway towards San Jose, and travel 12 kilometers. Look for the Escazu exit to the right, at the San Jose loop or Beltway (circunvalacion in spanish) and follow the signs to Escazu.

In Escazu continue straight past the third traffic light (where Scotia Bank is located on the corner), proceed up the hill until the road forks to the right as it becomes just one way (towards to the old town center knows as San Miguel de Escazu) for less than half a mile until you must turn. Turn left, go two blocks, and make a right. Proceed past the first cemetery, turn left after the bridge and proceed straight up the hill on the narrow paved road. Follow the signs past the second cemetery (100 yards past the first cemetery) to the Inn. We are located 300 yards above the second cemetery in a neighborhood called La Rosa Linda.
